

WHO WE ARE

The management of RTI Systems hold degrees in Business and Information Technologies, and over the past 40+ years have managed and directed a number of IT and Security based enterprises with a world-wide client base spanning various business sectors.

As system integrators and software developers, we have the unique skillsets and expertise to expand past the off-the-shelf-systems, to create innovative results-driven custom-developed solutions.

WHAT WE DO

RTI Systems (RTIS) specializes in High Definition Video Security/Surveillance and Live Video Broadcasting solutions.

Our system solutions are as varied as:

- Enterprise-grade Security/Surveillance with Video Analytics for any number of netOptic cameras – at one location, or spread over multiple cities, states, provinces or countries.
- Remote Monitoring Security/Surveillance using Video Analytics in a support role and an alternative to an on property agent.
- Live Video Broadcasting with unlimited concurrent viewers from our desktop, web, video wall, tablet or smart phone apps.
- Visual Project Management to enhance existing management tools.
- Quality Assurance Video Analytics to support Corporate SOP, Health & Safety, and OSHA guidelines.

WHERE WE DO IT

We are leaders in high-end market sectors such as:

- High-end large Construction
- Mixed Use Residential
- 5-Star Hotel properties
- Retail/Commercial

INTEGRITY is our core value, and is the foundation upon which our company is built. It guides our interaction with clients, employees, strategic partners, and suppliers. We understand that day-by-day choices made, and actions taken, define our strength and character.

FULFILLMENT: We are devoted to customer fulfillment. We strive to provide the best leading edge solutions and technologies. We provide second-to-none field to executive office leadership and consultation.

INNOVATION: Utilizing our vast IT expertise, RTIS has developed many unique and innovative solutions. Whether applications are on land, across water, in the air, or in virtual world, RTIS has the experience to develop and supply innovative solutions to protect and serve.

RELIABILITY: Our solutions and technologies are engineered to exacting specifications and must pass rigorous QA/QC, and follow best practices. Our success in producing reliable solutions is illustrated by high customer fulfillment and long standing retention rates.

PRIDE IN PARTNERSHIP: Our motto is more than mere words. Our high client and strategic partner fulfillment with long standing retention rates illustrates our “*Pride in Partnership*”.

WHY YOU SHOULD PARTNER WITH US

We provide practical solutions that allow you to manage your facilities, properties and workflow better, increase productivity, and most importantly, reduce liabilities, risks, and costs; all designed to increase bottom line margins.

Our ability to deliver Security/Surveillance and Live Video Broadcasting solutions – with our immensely successful track record with Owners, Hotel REIT's, Key Stakeholders, Investors, and Underwriters – makes RTIS an ideal strategic partner.

Below are some of the outstanding firms that have experienced our unparalleled services.
